

INDIVIDUAL CHAMPIONSHIP 2017-2018

For the purposes of the Individual Championship, the final average for each shooter has been calculated based on the best 15 scores achieved during the season. Any scores below that are counted out (highlighted yellow). Matches not shot (highlighted pink) will be counted out provided there are 15 qualifying scores remaining. The results are displayed in **TABLE A** and are ranked in order of Aggregate score for top 15 scores and Final Average.

For shooters who have less than 15 qualifying scores, their averages have been calculated separately, based on the number of matches shot. These are displayed in **TABLE B**. These averages do not count towards the Individual Championship and are ranked in order of Aggregate Score.
