

LADIES' CHAMPIONSHIP 2016-2017

For the purposes of the Ladies' Championship, the final average for each shooter has been calculated based on the 15 best scores achieved during the season. Any scores below that are counted out. Matches not shot will be counted out provided there are 15 qualifying scores remaining. The results are displayed in **Table A**.

For shooters who have less than 15 scores, their averages have been calculated separately, based on the number of matches shot, and are displayed in **Table B**. These averages do not count towards the Ladies' Championship and are ranked in order of Aggregate Score.
