

For the purposes of the Ladies' Championship, the final aggregate score has been calculated based on the **best 15** scores achieved during the season. Any scores below that are counted out. Matches not shot will be counted out provided there are 15 qualifying scores remaining.

For shooters who have less than 15 qualifying scores, their aggregates and averages have been calculated separately, based on the number of matches shot. These averages do not count towards the Championship but are ranked in order of overall aggregate score. These are displayed in **TABLE B**.
